To,

**Shri Yogesh Agarwal,
Joint Director, NIC,
Room No. 326, Seva Teerth,
Motilal Nehru Marg, New Delhi.**

Write-up for Homepage of Jammer portal of Cabinet Secretariat

(i) Main write-up (as a heading):

- Jammer is essentially a radio frequency transmitter which is designed to block all radio receivers that fall within its jamming range and covered by frequency bands present in the jamming equipment.
- Private sector organization and/or Private individuals cannot procure/use/manufacture/import any jamming equipment in India without a valid license. The said license will be given by the nodal Ministry/authority concerned with the prior permission of the Secretary (Security).
- The Secretary (Security), Cabinet Secretariat is the Competent Authority to accord prior approval for deployment of low powered jammers in examination halls across India.
- Statutory/Govt. Recognized examination conducting bodies are allowed to deploy low powered jammers/classroom jammers to prevent cheating and other malpractices during examinations, by leasing jammers through empanelled PSUs (for details, please refer to Jammer Guidelines of GoI, 2025).
- For Procedure to submit proposal for deployment of classroom jammers, please refer to Jammer Guidelines, 2025. (link)

(ii) FAQs:

- Who is eligible?- All Statutory/Govt. Recognized examination conducting bodies
- Which Statutory/Govt. Recognized examination conducting bodies are allowed to deploy classroom jammers?-
 - Constitutional Bodies / Statutory Bodies
 - Hon'ble Courts
 - Ministries / Departments of Government of India
 - Statutory bodies / Autonomous bodies, Central Public Sector Undertakings (CPSUs) and other organizations under Ministries / Departments
 - Central Government Examination conducting bodies
 - Central / State Universities under UGC
 - State Government Examination conducting bodies and PSUs.
- Who is Nodal officer of the examination conducting bodies?- Nodal officer is to be nominated and approved by the respective Competent Authority as indicated on Page 16 of Jammer Guidelines, 2025. Nodal officer shall get his/her details (name, designation, contact number, email address and any other relevant details) attested and forwarded from the respective Competent authority to the Office of Secretary (Security).
- For further assistance, whom can I contact with?- Under Secretary (Security), Office of Secretary (Security), Cabinet Secretariat, Room No. 218, Seva Teerth, Phone No. 011-23093763.
- List of empanelled PSUs for classroom jammers?- As per Jammer guidelines, 2025 (updated as on 29.12.2025), M/s Bharat Electronics Limited (BEL) and M/s Electronics Corporation of India Limited (ECIL) are empaneled PSUs.
- Which models are approved for low powered/classroom jammers?- Refer to Jammer guidelines, 2025
- Time-frame within which proposal is to be submitted to Cabinet Secretariat?- Atleast 07 working days in advance. In case of delay in submission of proposal, reasons for delay should be submitted along with the proposal. If there is a delay in submission of proposal for more than 03 occasions in a calendar year, the proposal will be considered by the Office of Secretary (Security) only if submitted through the respective Competent Authority, who had initially nominated the Nodal officer.

To

[Name of Addressee]
[Designation]
[Address of the examination conducting body]

Subject: Permission for deployment of low powered jammers in the examinations to be conducted by [Name of examination conducting body], during [period of time/year].

Sir/Madam,

In continuation of this office letter of even number, **[Dated]** on the subject cited above, it is informed that the information regarding deployment of low powered jammers, through **[Name of vendor(s)]**, in the **[Name of examination]** to be conducted by **[Name of examination conducting body]**, on **[Date of exam]** as mentioned in your **[Letter Number]**, **[Dated]**, has been noted.

2. **[Name of examination conducting body]**, is requested to coordinate with the jammer vendors for deployment of jammers and monitor their performance/effectiveness.
3. Performance of all jammers at each examination center may be verified before commencement of examination as effectiveness of the jammers depend on various factors like its power output, signal strength of BTS, traffic load on BTS at a given point of time, distance of jammer from BTS, sensitivity of receiver, terrain, topography, line of sight, etc.
4. It may kindly be ensured that all WiFi and Bluetooth devices within the vicinity of examination halls are switched off during operation of jammers.

Yours faithfully,
